

## Bioinformatics: Genomics and Post-Genomics

Filesize: 8.38 MB

### ***Reviews***

*I actually started off looking at this pdf. It is one of the most amazing pdf i have got read. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
**(Milford Donnelly)**

## BIOINFORMATICS: GENOMICS AND POST-GENOMICS

To get **Bioinformatics: Genomics and Post-Genomics** eBook, please follow the button listed below and save the document or gain access to other information which are in conjunction with BIOINFORMATICS: GENOMICS AND POST-GENOMICS book.

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, Bioinformatics: Genomics and Post-Genomics, Frederic Dardel, Francois Kepes, Noah Hardy, This book is an excellent introductory text describing the use of bioinformatics to analyze genomic and post-genomic data. It has been translated from the original popular French edition, which was based on a course taught at the well-respected Ecole Polytechnique in Palaiseau. This edition has been fully revised and updated by the authors. After a brief introduction to gene structure and sequence determination, it describes the techniques used to identify genes, their protein-coding sequences and regulatory regions. The book discusses the methodology of comparative genomics, using information from different organisms to deduce information about unknown sequences. There is a comprehensive chapter on structure prediction, covering both RNA and protein. Finally, the book describes the complex networks of RNA and protein that exist within the cell and their interactions, ending with a discussion of the simulation approaches that can be used to model these networks. Praise from the reviews: "In context of the new developments the genomic era has brought, Bioinformatics: Genomics and Post-Genomics becomes a fundamental and indispensable resource for undergraduate and early graduate students.insightfully authored.will immensely help students.in establishing important foundations while shaping their careers." NEWSLETTER, BRITISH SOCIETY OF CELL BIOLOGY.
